

If you can't get to your data, are you still in business?

A Revolutionary Change in Computer Support

Cosanco Enterprises LLC provides an enterprise level of IT infrastructure that incorporates redundant, highly available, access anywhere solutions that provides scalability and accessibility to make any business a worldwide competitor.

Customer Savings and Continued Business Growth

Our clients find that they can save \$\$\$ leveraging our infrastructure.

Case Study—Client X needs to purchase \$2000 server and 6 XP workstations at \$500 each. Our program provided this equipment at a cost of \$300 per month . This allowed the client to leverage his remaining \$4700 of capital to promote his business. In addition, we include all computer maintenance at no additional cost. An on going cost savings up to \$200 per hour for every hour you would hire someone to troubleshoot your issues.

The additional advantage to our program is that we concentrate and manage your IT environment and allow you to concentrate on your business with no credit checking involved. We provide you the ability to access your network from anywhere in the world with 99% uptime providing cutting edge solutions and hardware. We can also provide disaster recovery and business continuity solutions for your existing environment

Does your current computer support company...

- Provide state of the art technology and cutting edge solutions at affordable prices?
- Allow you to scale your business at our expense so your capital can be used in other areas?
- Provide SharePoint collaboration sites that allow team collaboration via the internet worldwide.?
- Keep you safe by **automatically checking your backup every day?**
- Keep you up & running by **automatically checking your event logs** first thing every morning?
- Keep you in contact by **automatically checking your email systems** every morning?
- Keep you running by **checking your Windows services, TCP ports and network connections** every few minutes?
- Keep you safe by checking for **hacker attacks?**
- Keep you safe from harm by **automatically checking your anti-virus systems** each and every day?
- And do they do all these things automatically – with an advanced Care System that doesn't get sick, distracted or go holiday?*

Cosanco Enterprises LLC provides end to end solutions based on your company's needs. We provide an in depth analysis and provide a scalable path for your company growth. We are available for Disaster Recovery, BCP, Sharepoint customization and server hosting.

Contact us for a no cost consultation on your technology needs.
